### ABOUT ME

Hi! I'm Victoria, a Virtual Assistant at Rafferty Solutions.

I reside in the South Jersey area with my fiancé, son, 2 dogs, & 2 cats.

I currently work as a bartender/server, where I've developed strong customer service, communication, multitasking, and problem-solving skills in a fast paced environment.

As a proud mom and daughter of 9 kids, I've learned the importance of time management, adaptability, and staying organized - qualities that I bring into every aspect of my work. I'm eager to take on new challenges, and become a reliable asset to your team.
