Rafferty

Owner & Solutions Specialist

ABOUT ME

After a 10-year corporate career in event & sports production, I started this business after my second daughter was born in 2021. I wanted the ability to be more present with my family and fulfill my dream of becoming an entrepreneur.

I've always had a passion for helping others and I'm often told my resourcefulness and ability to see solutions & efficient pathways to a goal is top notch. Helping other business owners and my staff achieve their own dreams and goals is a motivating factor in my virtual business.

Bonus motivation: I like to work in comfy clothes instead of heels!

ABOUT ME

I'm a laid back person who focuses on family fun. Family is important to me and I'm close with my parents and sisters. My parents live in Virginia so we are frequently driving down I-95 to visit them or they are staying in our guest room to visit with us and their granddaughters.

I grew up in a military household so I have traveled to the other side of the globe and back but am happy to be a homebody now! I enjoy going to sporting events when there is time outside of catering to my daughter's busy social & activities schedule - I'm the chauffeur!

ABOUT ME

Hi, I'm Carolyn! I'm a proud wife and Mom of two wonderful kiddos (12 and 6). I have a bachelors degree in nursing, and dual associates in police administration and corrections. I also owned my own business for 6 years, which provided me with the opportunity to learn so many skills that I am able to carry over into the Virtual Assistant role.

I live in more of a rural area, close to a couple of lakes. We have 3 chickens and two dogs, and I have a horse that I keep at a friends house. I rode competitively on and off for years, but have since retired my horse (who is now about 25, loving life and eating all day long!).

ABOUT ME

Hello! My name is Alexandra. My friends call me Lexx. I'm a wife and a mother in the South Jersey area. Over the years I've actively developed skills in areas such as digital marketing support, writing, business management, logo development and much more.

I've always had a passion for creating, organizational peace and helping people. Growing up in a family of 8 taught me a lot about people and how we all have our own quirks and things that we do differently. There's so much beauty to be found in the differences.

One's career should be their happy place. As they say, "it's not work if you love it". With that being said, I'm very grateful to be here and I'm very much looking forward to helping you so that you may build your happy place.
